The Application Process

1. The Application Form is online and may be accessed at <https://azrieli.smapply.io/> or via our website at <https://azrielifoundation.org/fellows/facultyfellowship/>. Detailed **user instructions** are available below and online.
2. The application process begins when the applicant fills out the form by completing a set of tasks. This can be done in stages; a draft of the form will be saved automatically. The applicant may grant access to one or more university representatives, such as a Faculty Dean or a Research Authority official, to enable them to review the form and give comments or assistance, before submission.
3. Once the applicant submits the form, it is automatically sent to the authorized institutional office (hereafter: Rector's office). The Rector's office will be asked to review and authorize the application, fill in several details, upload reference letters, upload the applicant's formal Letter of Appointment for a tenure-track position (or provide one by May 1, 2020), and confirm the university's final approval of the application. The application will then be sent to the Azrieli Foundation.
